The keeping of pigeons is expressly prohibited.

## **2.7 Signs**

PROVIDED HOWEVER that the Grantee shall, at its sole discretion, be entitled to exempt one or more lots of its choice from this restriction for a maximum period of 3 (three) years. ### a) Interpretation

“**Double Frontage Lots**” means Lots 3146, 3147, 3116, 3117, 3101, 3103, and 3127.

“**Maximum Length**” means 50% of the length of the Road Boundary.

“**Residential Lots**” means all Lots on DP TBC excluding any Lot shown as Kiosk Site, Road or Reserve.

“**Road Boundary**” means a boundary between a Lot and any legal road.

“**Side Boundary**” means a boundary between a Lot and an adjoining Lot that is not a Road Boundary.

“**Total Length**” means the total length of the fence taken in a line parallel to the road.

“**Transparent**” means able to be seen through either because no solid construction is present or because there are spaces between the elements used in the construction that are at least the same width as the elements themselves.

### b) Road Boundary Fencing

The Grantor shall not permit any fence or other structure (other than a letterbox or a fence of the type referred to in clause 2.9) to be erected in the area between the Road Boundary and a line drawn parallel to the Road Boundary with the distance between such line and Road Boundary being determined by those parts of the dwelling closest to the Road Boundary.

**c) Road Boundary Fencing – Double Frontage Lots**

In recognition of the larger road boundary of these Lots and the desirability of allowing privacy the Grantor shall be permitted to erect a fence closer to the boundary than provided for in clause 2.16(b) so long as the fence is erected at least 1 (one) metre from the road boundary and complies with the following requirements:

- i. The fence is no higher than 1.8 metres above finished ground level. The length of the fence does not exceed the 'Maximum Length'. By way of illustration only, the Grantee acknowledges that a curved fence, or fence that is parallel to the boundary but which has a return, will comply with this restriction notwithstanding that in overall length such fence may exceed the 'Maximum Length'.

**d) Side Boundary Fences**

Permit any fence to be erected on the common Side Boundaries between any Residential Lots within 1 (one) metre of the point where the side boundary meets the Road Boundary and providing the fence complies with the following requirements:

- ii. The fence is raked at an angle of 30 degrees until it reaches its maximum height of 1.8 metres above finished ground level.
- iii. Notwithstanding clauses 3.17(a) and (b) above, the common 'Side Boundary' fences between the following Lots shall be exempt from the provisions of these clauses: Lots 3146 & 3116; 3117 & 3118; 3126 & 3127; and 3103 & 3104

**2.17 Letterbox**

Erect a dwelling without contemporaneously erecting a new letterbox of a design, colour and cladding consistent with the dwelling, or as approved by the Developer in accordance with clause 2.20.

**2.18 Completion of Landscaping, Driveways and Paths**

Permit the dwelling to be occupied unless all driveways and paths are completed in permanent materials, all wooden boundary fences are stained or painted and all unpaved areas are properly grassed or landscaped.

**2.19 Satellite Dishes / Air Conditioning Units**

1. Place or allow to be placed on the land or buildings any aerials or satellite dishes unless the same comply with the following requirements:
  - a) Have a maximum diameter of 1 (one) metre; and

**2.20 Grantee to Approve Plans**

Commence any work on the property:

- a) Without submitting to the Grantee for its approval all building plans, including site plans (showing the position of the vehicle crossing) specifications, external colours fencing,

landscaping plans (which shall be prepared by a qualified landscape designer) and builder. Sole discretion lies with the Grantee in approving building, colours, site plans, specifications, fencing and landscaping plans which shall comply with the Design Guidelines provided by the Developer to the Grantee's satisfaction.

- b) Which does not conform to the plans approved by the Grantee. Any variation to or deviation from the approved plans will be a breach of this clause and subject to the provisions of clause 4.

PROVIDED THAT this clause 2.20 will cease to apply and be of no further effect from the date that a Code Compliance Certificate is issued for the first dwelling to be built on the Lot.

AND FURTHER PROVIDED THAT the Grantor acknowledges that the Grantee has no legal responsibility or liability for the enforcement, enforceability or applicability of these covenants on an on-going basis.

### **2.21 Construction Fencing**

Commence construction until temporary fencing has been erected on the entire length of all unfenced boundaries. The temporary fence must comprise removable wire or shade cloth (or other see-through material), be a minimum of 1.2 metres in height and have a rigid frame and in all circumstances be acceptable to the Developer at their sole discretion, and provide only one vehicle access to the lot from the road or right-of-way.

### **2.22 Construction Zone Areas**

Commence construction until a vehicle crossing of no more than 4 (four) metres width has been installed in a position approved by the Grantee, the kerb cut down at the crossing and the driveway from the road to the Lot formed and suitable based. The Grantor shall not make any use of the adjoining Lots (whether occupied or not), any berms (except at designated crossings) or footpaths for construction work or for access by vehicles.

### **2.23 Health and Safety Requirements**

Permit any construction unless the building site complies with the requirements of the Health and Safety in Employment Act 1992 (or any enactment passed in its substitution) at all times.

### **2.24 Delivery of Materials**

Undertake or permit during the course of construction the loading, unloading, delivery, or storage of building materials other than within the boundaries of the Lot.

During the course of construction allow any vehicles to be washed down other than within the boundaries of the Lot.

### **2.27 Portable Toilet Facility**

## **3. DISPUTE RESOLUTION**

3.1 Except as relates to the exercise of any discretion, opinion, approval or consent requested of the Grantee under these covenants, if any dispute arises between the parties concerning the covenants, then the parties shall enter into negotiations in good faith to resolve their dispute.

3.2 If the dispute is not resolved within 20 (twenty) working days of the date on which the parties began their negotiations, then the parties shall submit to the arbitration of an independent arbitrator appointed jointly by the parties. If the parties agree, that person appointed may act as an expert and not an arbitrator.

3.3 If an arbitrator cannot be agreed upon within a further 10 (ten) days, then an independent arbitrator will be appointed by the President for the time being of the Canterbury branch of the New Zealand law society.

3.4 Such arbitration will be determined in accordance with the Arbitration Act 1996 (and its amendments) or any enactment passed in its substitution.

## **4. DEFAULT PROVISIONS**

4.1 If there should be any breach or non-observance of any of these covenants and without prejudice to any other liability which the Grantor may have to any person having the benefit of this covenant, the Grantor will upon written demand being made by the Grantee or any of the registered proprietors of the Lots:

4.2 Pay to the person making such demand as liquidated damages the sum of \$100.00 (One Hundred Dollars) per day for every day that such breach or non-observance continues after the date upon which written demand has been made.
